WINTER

Spirit

1st week

This is the most fabulous time of the year when everything is available to turn your home into a winter wonderland. Feel free to dress up your entire home in a style that fits your own: is there anything better than watching the lights dancing intimately on the wall in the evening? If it's snowing outside, get the knitted blankets and velvet pillows out and have yourself a picnic with your family in the cosy warm living room.

2nd week

Still looking for the perfect gift? Surprise your loved ones with a MOM Park Card. Visit MOM Park, discover our newest stores and find the perfect surprises.

3rd week

Don't let your weekdays or yourself get gloomy in the dead of winter, give yourself some me-time while enjoying the excitement of getting ready: relax in your evening bath surrounded by pleasant lights and scents, while enjoying a rich hair mask. Don't be afraid to wear shiny materials even at work.

4th week

If you are seeking active family fun, put on your boots, slip into your lined jumpsuit and head outdoors for a hike, ride the sled till you drop and then come to MOM Park and finish off your weekend with a large chestnut dessert or a cup of hot coffee.

One of the most special nights of the year is New Year's Eve, the time to go wild. The perfect occasion to be brave, bold and extreme with your looks. One of the basic rules this year is to forget barely-there makeup and go all-out. Strong colours dominate this year, makeup can be visible and eye-catching, with emphasis on lips and eyebrows, and glitter in eye shadow, lipstick or a moisturizing mask to make the look more stylish. And to keep it all on until the end of the party, use a setting spray.

Not an urban legend, men also need proper facial and body care, even if they won't admit it. Of course the bathroom cabinet doesn't have to look like a beauty shop, but winter weather can be harsh on a man's complexion. Try to use products that protect against redness and dehydration and keep facial hair in good condition.

CHEERS!

What is essential for a real festive mood? Warm lights, cosy decorations and delicious food — with the right drinks. Think of combinations where flavours support and complement one another, since harmony is the basis of pairing food and drink. Have champagne with the appetizers, because bubbles have a beneficial effect on taste perception. During feasts always go from lighter, younger wines to fuller, more complex ones. Choose a wine with a soft character for the soup and a red one for more seasoned meats. We recommend a dessert wine with the festive poppy seeds roll, which enhances the sweet flavours. To conclude, of course, a sip of bitters cannot be left out of the festive repertoire.

DO YOU WANT TO HAVE FUN

in the snow?

There are plenty of activities to choose from if you want to stay active in winter and don't want to wait until spring. For example, we can build a snowman anywhere, anytime — but don't forget about warm and waterproof clothing. Skiing enthusiasts are also in a good position and if they are serious about it, they should invest in quality gear. The good thing about ice skating, in addition to being fun exercise, is that you can be cute while doing it with fashion accessories such as furry earmuffs.

in the cold

One of the nicest things is when snow begins to fall in December and snowflakes glitter in the evening street lights. Many look forward to the scent of cloves and cinnamon not only in their own kitchen, but also at the office, while others crave for warmer climates, coconuts and turquoise seas. Some see winter as grey and summer is

their eternal love, while others can't imagine the holidays without skiing, reindeers and Christmas fairs. Whatever the destination on your winter bucket list, you can make it a reality with **Vista Travel Agency** in MOM Park and **Groupama Insurance** offers comprehensive insurance coverage wherever you travel.
